*We Depend Upon Our Customer*

**MEGAFORM  
Automotive Inc.**  
is a privately owned  
company.

We specialize  
in tubular and wire  
products for the  
automotive and  
commercial industries.

The company was  
started under the  
name of Mil Tooling  
and Automation Inc.,  
known to specialize in  
the design/building of  
automated tooling  
systems and  
equipment used in  
the manufacturing of  
car parts.

Our team of  
highly qualified  
personnel has many  
years of experience in  
various activities  
related to the  
automotive  
manufacturing industry  
such as seating and  
fluid systems.

With Megaform's tooling  
expertise and innovative  
tooling concepts such as  
flexible automation,  
programmable machines,  
and quick change  
tooling, we can provide  
lower tooling cost with  
minimum lead time.

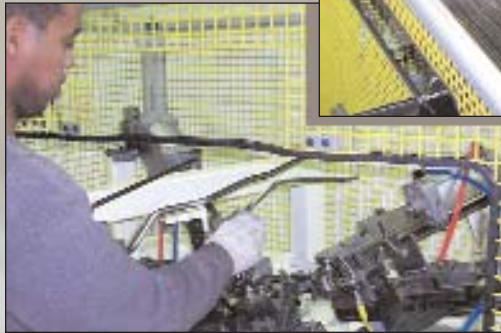

Megaform develops its tooling capabilities by  
building complete, flexible systems requiring  
multiple operations, automatically handling  
parts from start to finish, capable of  
performing in a high volume  
manufacturing environment.

**MEGAFORM**   
**Automotive Inc.**

Our skilled in-house team provides design, development and testing of new parts and prototypes.

We work closely with our customers in order to accommodate special customer needs and ensure that a product meets customer's requirements.

Our management system provides consistency of our daily operations and management duties and also ensures that our customers and suppliers are equal partners in maintaining leadership in our products and services.

We are committed to maintaining a management system in accordance with the requirements of ISO/TS 16949:2002.

As technology is always evolving, we continue to broaden our horizons through experiences, research and development to meet each and every customer's demand.

We are honest and reliable.  
We take responsibility, we care.  
We are motivated, we strive for knowledge, we improve.

Megaform believes in developing strong and lasting relationships within our company. This creates willingness and a sense of responsibility which is essential for ensuring excellent quality of finished products. The growth and improvement that follow, serve as support and encouragement for our forward thinking, and the challenge of consistently developing new products.

## QUALITY POLICY

The *Mission* of Megaform Automotive Inc. is to be recognized as a world wide provider of specialized tube and wire products for the automotive and commercial industries.
